

What Sinclair Broadcasting is trying to do by airing an anti-Kerry documentary days before the election is the most blatant example of big media trying to manipulate the electoral process I've ever seen. And these types of thing are happening with more frequency. Consider Fox News as an example.

Sinclair Broadcasting is obligated by law to serve the public interest. I have decided to no longer use my television until this situation changes. We need to strengthen media ownership rules, not weaken them.

Thank you.
